CAREER OBJECTIVE

Aspiring software engineer currently pursuing a B.Tech in Computer Science, eager to apply theoretical knowledge and hands-on experience in web development through an internship opportunity. Skilled in programming, data structures, and software design, with a passion for creating scalable web solutions and a keen interest in advancing web technologies and frameworks.

EDUCATION

Bachelor of Technology in Computer Science

Gayatri Vidya Parishad College of Engineering(A)   CGPA: **8.2** (till now)
2021-2025

Intermediate
Sri Chaitanya Junior College   Percentage: **94.7%**
2019-2021

SSC
Swethachalapathi Samasthanam E.M School   CGPA: **10.0**
2019

TECHNICAL SKILLS

- **Languages**: C, C++, Python
- **Database Knowledge:** SQL
- **Tools**: Git, Excel, Jupyter, Power BI
- **Frameworks**: Bootstrap
- **Additional Skills**: Unix/Linux environments, Microsoft Office, Graphic Designing

---

INTERNSHIPS

Web Development Internship at Saint-Gobain (Offline)

- Developed responsive static websites for the company during a 4-week internship.
- Utilized front-end technologies to create user-friendly web interfaces, ensuring optimal performance across various devices and browsers.

Alteryx Data Analytics Internship on AICTE

- Assessed proficiency in data manipulation and analysis using Alteryx Designer.
- Covered general designer knowledge, data blending and parsing, data preparation and cleaning, and data transformation.

JPMorgan Chase & Co. Agile Job Simulation on Forage
- Drafted eight user stories using Trello and prioritized them by estimating the relative level of effort required.
- Ran the Scrum team's daily standup to effectively plan the day and energize the team members.
- Conducted a sprint review to gather feedback on the Scrum's work and a sprint retrospective to align on opportunities for improvement in future sprints.

CERTIFICATIONS

- **Python Foundation Certification** from Infosys Springboard
  Completed foundational training in Python programming, covering essential concepts and practical applications.
- **Web Development Certification** from Udemy
  Completed under Angela Yu, focusing on full-stack web development.
- **Data Analytics Designer Core Certification** from Alteryx
  Certified in data manipulation and analysis using Alteryx Designer, demonstrating skills in data blending, preparation, and transformation.

MINI PROJECT

Web Application for Data Science Club

- Developed a small web application for the Data Science Club.
- Created an engaging, responsive frontend application for an education platform using jQuery, HTML, CSS, and Bootstrap.
- Enhanced user experience with interactive design and seamless navigation for students and educators.

VOLUNTEERING

- Actively participated in organizing and promoting cancer awareness events and campaigns at my college.
- Successfully organized and led various college events as a volunteer, fostering teamwork and contributing to their successful execution.

SKILLS

- Microsoft Office
- Graphic Designing
- Team Work
